Dr. Miles' Nerve Restores Health.

UNCLE EZEKIEL BEAR, assessor and tax collector, Beverly, Mass., who has passed the 80th life mile stone, says: "Dr. Miles' Nerve Restores Health has done a great deal of good. I suffered for years from sleeplessness and nervous heart trouble. Would feel weary and used up in the morning, had no ambition and my work seemed a burden. A friend recommended Dr. Miles' Nerve, and I purchased a bottle under protest as I had tried so many remedies unsuccessfully. I thought it no use. But it gave me restful sleep, a good appetite and restored me to energetic health. It is a great good medicine, and I will gladly write anyone inquiring, full particulars of my satisfactory experience."

Dr. Miles' Remedies are sold by all druggists under a positive guarantee, first bottle benefits or money refunded. Book on diseases of the heart and nerves free.

ORANGE FREE STATE

The Volksraad Assembled by President Steyn to Consider War Outlook.

KRUGER MADE PROPOSALS

To the British Government, Which the Free State Unanimously Believes to Be Fair—Transvaal Decey by Conyngham Greene—Bound by Treaty to Aid the Transvaal.

London, Sept. 22.—While the precise result of the secret session of the mad of the Orange Free State is not yet known here, President Steyn's speech at the opening of the session is regarded as an almost infallible indication of the attitude which the Free State will take.

Commenting from this point of view, the London morning papers are all impressed with the added gravity of the situation and murmurs are beginning to be heard regarding the dilatoriness of the government in getting troops forward.

Military men are said to be impatient. They assert that everything is ready and that they are only waiting for orders.

It is recognized that the attitude of the Orange Free State makes the original estimates based upon Dutch neutrality too small. Evidently a much larger force will be required.

STEYN'S SPEECH

President of Orange Free State Addresses the Raad.

Bloemfontein, Orange Free State, Sept. 22.—When the Volksraad met yesterday President Steyn read a carefully prepared speech, after welcoming the members. He expressed regret that the relations between Great Britain and the outlanders had become strained. The members, he said, were aware of the meeting of Sir Alfred Milner and President Kruger at Bloemfontein, when President Kruger made proposals which, although refused by the British high commissioner, were unanimously considered throughout the Orange Free State to be exceedingly fair.

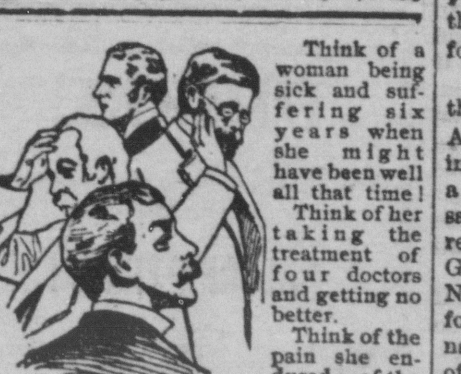

Proceeding to review the negotiations President Steyn said that the Transvaal had been deceived by the British diplomatic agent at Pretoria, Conyngham Greene, and he practically accused the imperial government of a breach of faith. He said he was disinclined to advise the Transvaal government to accept the latest British demands. The present critical state of affairs could not be a matter of indifference to the Orange Free State, which was bound by treaty to afford assistance to the Transvaal, and he had, therefore, convened the Volksraad to decide what attitude should be taken.

"There is nothing," declared the president, "that warrants war or an attack upon the Transvaal. Such differences as exist can be solved by arbitration. War would be an insult to religion and civilization."

In conclusion President Steyn said he would take this opportunity of laying certain draft laws before the Volksraad for consideration, praying God to give the members strength to pass resolutions, not only conducive to peace and prosperity, but also in the interest of their beloved state.

VAAL SITUATION

Former Premier in the Cape Colony Does Not Anticipate a Rising. Cape Town, Sept. 22.—Sir John Gordon Spragg, leader of the opposition in the Cape house of assembly and former premier and treasurer of Cape Colony, in the course of an interview last evening said: "I have no doubt that a portion of the population of the colony would be actively anti-British in the event of a war with the Transvaal. I do not anticipate a rising, but some of the young and impulsive Afrikaners would probably show their sympathies by joining the Boer forces. In my judgment the proceedings at yesterday's meeting of Afrikaner members of the Cape parliament were most injudicious. No mention was made of any sympathy with those who would suffer while fighting on the British side. It is impossible that those who are doing their best to uphold British authority should conceive anything in the nature of a retirement from the position adopted by the imperial government. Any such weakness would be fatal to the future maintenance of British authority in South Africa."

Think of a woman being sick and suffering six years when she might have been well all that time! Think of her taking the treatment of four doctors and getting no better. Think of the pain she endured for four years, and the uselessness of her life in those six long, dreary, miserable years. Think of the distress of a refined, modest woman during the useless examinations and treatment of four different doctors who each and all failed to give her any comfort. Think of all this and then think that she was finally cured—completely, wholly, permanently cured right in the privacy of her home without the abhorrent 'examinations' and local treatment so uniformly insisted upon by medical physicians—cured just as she might have been six years before. These are the facts in the case of Mrs. M. B. Wallace, of Muenster, Cook Co., Texas, who writes:

"I had been a great sufferer from female weakness. I tried four doctors and none cured me. I suffered six years, but at last I found relief. I followed your advice, and took four bottles of 'Golden Medical Discovery,' and eight of the 'Favorite Prescription.' I now feel like a new woman. I have gained eighteen pounds."

Dr. Pierce's Favorite Prescription is a medicine made for just one purpose—to cure disorders or diseases of the feminine organism. It is the only preparation of its kind introduced by a regularly graduated physician—a skilled specialist—in the diseases of women, whose thirty years of successful practice are a guarantee of health to all sufferers who consult him.

Every woman may write fully and confidentially to Dr. R. V. Pierce, Buffalo, N. Y., and may be sure that her case will receive careful, conscientious, confidential consideration, and that the best medical advice in the world will be given to her, absolutely free.

Is this a free advice Dr. Pierce will send a paper-bound copy of his great 1,000-page book "The Common Sense Medical Advice" to any one who will send a one-cent stamp to pay the cost of mailing. French cloth-binding, 31 stamps.

ENSIGN COLEMAN

Dies From the Effects of a Wound Self-inflicted.

San Francisco, Sept. 22.—Ensign Noah T. Coleman of the battleship Iowa is dead in a private hospital as a result of a complication of troubles and a bullet wound inflicted by himself sometime ago in an attempt at suicide. Young Coleman had been condemned to stand trial by court-martial for various offenses and attempted suicide. The wound would not have caused death under usual circumstances, but his vitality was so weakened by worry that he could not survive. Coleman came from one of the oldest and most respected families of New York.

Estate of Late Emmons Blaine. Chicago, Sept. 22.—The estate of the late Emmons Blaine, who died in Chicago in 1892, was closed in the probate court yesterday and final settlements made. The estate amounted to \$80,000 and was in stocks and bonds, principally. One-third of the estate went to the widow, Mrs. Anita McCormick Blaine, and two-thirds to her son.

DEWEY PARADE

General Roe Will Not Recede From His Position Regarding the G. A. R.

New York, Sept. 22.—At General Roe's office it was said that the refusal of the Grand Army of the Republic organization to take part in the Dewey land parade was final. General Roe is not disposed to recede an inch from his position. The exconfederate veterans

ADMIRAL DEWEY IN CIVILIAN DRESS. Will not march either, being unable to prepare in time. The line of march of the parade as a present agreed upon, follows:

General Roe and aides; Sousa's band; the men and officers of the Olympia; Admiral Dewey and Mayor Van Wyck in a carriage; Rear Admiral Sampson in a carriage with a committee man; the sailors of the North Atlantic squadron; regulars of the United States army; Governor Roosevelt at the head of the New York state militia; the Eighty-fourth Highlanders of Toronto; the naval reserves of New York; governor of Vermont and his staff, and the military organizations of the following named states, to march in order of their admission to the union.

Pennsylvania, New Jersey, Georgia, Connecticut, Maryland, South Carolina, New Hampshire, Rhode Island, Ohio, Florida, Mississippi, Missouri, Texas, District of Columbia. Veterans of the Spanish-American war. Rear Admiral Schley and First Assistant Postmaster General Perry S. Heath have sent acceptance. "It will give me much delight," wrote Rear Admiral Schley, "to be present and participate in the city's honor to the peerless Dewey."

Beef Advances 2 Cents a Pound.

Chicago, Sept. 22.—Porterhouse, sirloin and tenderloin steaks went up 2 cents a pound in price in Chicago yesterday and rounds and other cuts advanced from 1 to 2 cents. Choice steaks ranged from 22 to 25 cents a pound, medium 16 to 22 and common 12 to 16 cents. The cause of the late rise in beef is the high prices ruling for cattle on the hoof at the stockyards.

Date Definitely Fixed.

Philadelphia, Sept. 22.—The date for the opening of the International Commercial congress has been definitely fixed as Oct. 12, instead of Oct. 10, as heretofore announced.

WITH HIS FRIENDS

Former Devil's Island Prisoner With Relatives at Carpentras, France.

ARRIVAL OF THE CAPTAIN

Caused No Demonstration—His Health Such as to Prevent His Receiving Visitors—Incidents of His Journey, as Told by a London Correspondent. Called it a Holiday.

Carpentras, Department of Vaucluse, France, Sept. 22.—The arrival of Dreyfus at the home of Paul Valabroque, his brother-in-law, who has been an established cloth merchant here for a quarter of a century, was soon known, but caused no demonstration. Mme. Dreyfus is expected here soon. While Dreyfus' health does not permit of his receiving visitors, it is hoped the climate will restore his strength during the next few months, which he is expected to spend here.

LIBERATED PRISONER

Dreyfus' Smile Like a Woman's—Has the Appearance of a Savant.

London, Sept. 22.—A correspondent of The Daily Mail, who joined the Dreyfus party at Bordeaux and accompanied them to Carpentras, describes Dreyfus as "thoughtful, prematurely aged, with soft eyes, a smile like a woman's and rather the appearance of a savant than a soldier."

When told of the great wave of British sympathy in his behalf he wrung the correspondent's hand and showed the deepest emotion. His health, the correspondent said, is far from satisfactory.

He ate meat yesterday for the first time.

"It is against the doctor's orders," said Mathieu Dreyfus. "Ah," said the former captain of artillery, "let me have a holiday today. I will be sedate and obedient again tomorrow."

"I am just like a boy now and feel that I could run and jump about the green fields for very joy. Just think! I shall now be able to laugh and play with my children in the beautiful country."

After the meal, despite his brother's half laughing protest, he smoked several cigars "to celebrate the holiday."

The sad note amid the rejoicing was the death of M. Scheurer-Kestner.

"I am grieved beyond words," said Dreyfus, "to think that I shall never be able to thank that noble heart."

One of his first acts on obtaining his freedom was to have a wreath sent to be placed on the coffin of his companion and friend. At present he speaks little of past events. He says: "I have forgiven, but I cannot forget," and he intends to devote himself to proving his innocence. When that has been accomplished he will only ask to be allowed to spend the remainder of his days with his loved ones, far from the busy world.

"His delight at everything on the journey," continues The Daily Mail's correspondent, "was that of a man returning from the dead to the world he loved. The affection and solicitude of his brother are touching to see. His physical weakness caused the deepest apprehension to his friends. The journey was in the main uneventful except for a few expressions of disappointment on the part of the people who endeavored to get a glimpse of him."

BUOY FOUND

On North Coast of King Charles Island Believed to Be Andrew's.

Stockholm, Sept. 22.—Dr. Ekholm, Professor Nathorst and Captain Andree believe that the buoy marked "Andree polar expedition" found on the north coast of King Charles Island by the master of the Norwegian cutter Martha Larsak, is one of those which the aeronaut intended to throw after the north pole was passed.

British Battleship Launched.

Portsmouth, Eng., Sept. 22.—The British battleship London was launched successfully here yesterday in the presence of large crowds of people. Her displacement is 15,000 tons. The main feature of her construction is the armor belt, which is carried the entire length of the ship—400 feet—as advocated by Captain Robley D. Evans, U. S. N., in articles against soft-endued battleships, such as the Iowa. The London's armament will consist of four 12-inch guns, twelve 6-inch quick firing guns, eighteen 3-pounders, twelve 3-pounders and eight smaller rapid fire guns. She is supplied with two torpedo tubes. Her complement will be 755 men.

Granted a 5 Per Cent Increase.

Pittsburg, Sept. 22.—At a joint scale conference of committees of the American Flint Glass Manufacturers' association and glass bulb workers here yesterday, the workers were granted a 5 per cent advance in wages. The settlement was a compromise, the workers demanding an increase of 10 per cent.

Four Men Killed.

St. Paul, Sept. 22.—A serious accident occurred on the Omaha railroad yesterday at Windom, Minn., four men being killed and three seriously injured, in a rear-end collision of freight trains on a bridge.

Famous Church Burned.

Lima, Peru, via Galveston, Sept. 22.—A great fire last evening almost completely destroyed the famous and beautiful church of San Francisco, founded by Pizarro in 1535.

REV. JOSEPH FRANCIS

Consecrated Bishop of the Episcopal Church For Southern Indiana.

Evansville, Ind., Sept. 22.—Rev. Joseph M. Francis was yesterday consecrated Episcopal bishop of southern Indiana. The consecration services were conducted by Rt. Rev. William McLaren, D. D. and D. L. C., bishop of Chicago; Rt. Rev. Thomas Frederick Davis, D. D., LL. D., bishop of Michigan; Rt. Rev. John Hazen White, D. D., bishop of Michigan City. The sermon was preached by Rt. Rev. George Franklin Seymour, D. D., LL. D., bishop of Springfield.

ANTI-IMPERIALISTS

Chicago Conference Will Denounce McKinley Individually.

Boston, Sept. 22.—The Anti-Imperialist league has issued the following:

"Unauthorized statements having been made as to the objects of the anti-imperialist conference in Chicago, Oct. 17, it should be said that there will be no attempt there at negotiation with any political party. It is hoped that this conference may plan for a systematic effort to establish anti-imperialist leagues and committees throughout the country, with the intention of developing and crystallizing the opposition to the president's policy."

"It is true that in doing this the anti-imperialists must denounce Mr. McKinley individually because he unlawfully initiated the slaughter in the Philippines by his declaration of war Dec. 21, 1898, at a time when the United States was solemnly bound by the protocol to preserve the status quo."

"It is impossible that, because the country nor any political party in it is responsible for McKinley's war or is in any way bound to support it. The anti-imperialists hope to arouse their fellow-citizens to the gravity of the issue which has been forced upon the people, so that no candidate for the next presidency can expect success unless he disavows the colonial and imperial acts which have actuated Mr. McKinley and his pernicious advisers."

Price of Coal Advanced.

Decatur, Ill., Sept. 22.—The price of coal has advanced 25 cents per ton, being brought here from other cities, owing to the strike, and a further advance is looked for. Manager Armstrong of the Decatur Coal Mining company is determined to operate his mines on the 10-hour per day plan and will not recognize the union, claiming an 8-hour day will not permit the men to mine enough coal to supply the demand.

Handpainted Invitation.

Indianapolis, Sept. 22.—Governor Mount has received a beautiful handpainted invitation to attend a grand concert of the Dallas Chapter of the Daughters of the Confederacy, to be given in honor of Governor Mount and Governor Sayers of Texas on the evening of Oct. 4, at Dallas.

MODUS VIVENDI

General Foster Ready to Take Up Work on Alaska Boundary.

Washington, Sept. 22.—General John W. Foster has returned to Washington from his summer home near Watertown, N. Y., and has begun to take up the threads of his work in connection with the arrangement of a modus vivendi relative to the Alaskan boundary. There has been no change in the status of this matter recently. At last accounts the British government had before it Secretary Hays' last proposition on this subject and, as it had received the approval of Mr. Tower, the British charge here, it was assumed that it would prove acceptable to the British foreign office. However, the proposition was referred to the Canadian authorities to ascertain whether or not they were able to discover any reasonable objection to it, and so far as known the two principals are still waiting to learn the disposition of the Canadians.

The Ex-Slave Mutual Relief Bounty and Pension Association.

Washington, Sept. 22.—The postoffice department has issued an order debarring from the mails the matter issued by the Ex-Slave Mutual Relief Bounty and Pension association with headquarters at Nashville, Tenn. The ostensible object of the association is to secure pensions for ex-slaves. The bills providing for such pensions which were introduced in the last congress were used as a basis for circulars, in which it was represented that the suggested legislation was far advanced. Meetings were held in various places, always ending, it is alleged by the postoffice officials, in an appeal for money to advance the work in hand.

Gold Certificates.

Washington, Sept. 22.—The amount of gold certificates issued by the treasury department in exchange for gold coin to date is \$63,016,780. There is said to be a large and increasing demand in New York for "to order" \$5,000 and \$10,000 gold certificates, and from this and other reasons the treasury officials look for an important increase in the demand for certificates within the next few days.

To Be Filled From the Ranks.

Washington, Sept. 22.—The war department issued a general order regarding the examination of officers of the volunteer army, an important provision of which is that vacancies of second lieutenants are to be filled by promotion from the ranks of the regiments in which they occur.

WINDOWGLASS TRUST

Records the Deeds For Its Several Properties in Indiana.

Muncie, Ind., Sept. 22.—Purchasing Agent Arthur W. Brady of Muncie for the American Windowglass company yesterday recorded deeds in several counties in the Indiana gas belt for the following factories at the prices mentioned:

Hartford City Windowglass company, \$175,000; Enterprise Windowglass company, Dunkirk, \$72,000; Depauw Windowglass company, Alexandria, \$75,000; American Windowglass company, Gas City, \$75,000; Bell Windowglass company, Fairmount, \$33,000; Bates Windowglass company, Dunkirk, \$34,000; Standard Windowglass company, Red Key, \$23,000; S. B. Wells Windowglass company, Greenfield, \$7,000; Columbia Windowglass company, Greenfield, \$7,500; the Jones Windowglass company, Hartford City, \$7,000; Albany Windowglass company, Gilman, \$4,000. The United at Orestes and Mering, Hart & Co., and O. H. Over & Co., factories of Muncie were transferred today. The deals amount to \$700,000 and are only the western part of the list of factories in the company which is chartered in Pennsylvania with \$17,000,000 capital stock.

Against the Telephone Company.

Lincoln, Neb., Sept. 22.—The supreme court has decided against the Nebraska Telephone company in the suit to enjoin the state board of transportation from lowering the telephone rates of the state. The legislature of 1897 gave the board power to regulate telephone rates in the state. The company secured a temporary injunction, which the district court in this county dismissed, and the supreme court has now sustained the lower court.

FATAL ACCIDENT

Four Persons Killed by a Train at a Railroad Crossing.

Albia, Ia., Sept. 22.—While Jasper Beebe, his son, daughter and two grandchildren were driving across the Chicago, Burlington and Quincy railroad tracks, four miles east of here, a passenger train crashed into the vehicle. The following are dead: Jasper Beebe, aged 67; Mrs. Effie Johnson, a daughter, aged 34; George Beebe, a son, aged 7; Gertrude Johnson, a grandchild, aged 2 years, is fatally injured.

THE Street Fair booths are all to be painted white, a wise arrangement by the committee.

AGAIN the Brownstown papers have been sent out and no report of the excellent work done by the county council. Cutting those estimates of county officers down and saving the taxpayers of the county so many thousand dollars does not seem to be very popular with the Brownstown organs.

THE work on the booths is progressing rapidly. Most of them will be completed by Saturday evening. Monday morning they will be decorated and the exhibits put in place. These exhibits are already coming in and many more will be in tomorrow. Farmers are taking unusual interest and will make competition lively for prizes. Everything points to unparalleled success.

THE North Vernon Sun, John Overmeyer's personal organ, tries to get funny with Col. Chas. L. Jewett, of New Albany. Of course Mr. Jewett will feel crushed and his social and political standing will be gone. But there is a bit of inconsistency for Mr. Overmeyer's paper to say that Mr. Jewett "became a republican in '96" because the democrats of his district refused to send him to congress. The ex-national banker and ex-republican office seeker is getting on dangerous ground when he criticises any one for changing his political views. He has a record of his own.

Right Sentiment.

The Times does not urge Columbus people to go to the Seymour street fair, or to stay away, but rather prefers to allow each citizen to use his right and go or stay away as he or she pleases. The Times, though is not unmindful of the fact that an aggregation of Seymour's best talent, about twenty people, volunteered their services and came here without money or without price, and gave an entertainment for the benefit of the expense fund Columbus had to raise for the State G. A. R. encampment. Certainly this should be appreciated and not forgotten.—Columbus Times.

A JACK OF ALL TRADES.

The Versatility of a Frenchman of the Eighteenth Century.

In times long gone by active men combined many vocations. The barber in those days was also the dentist and often performed other duties. A sign discovered in southern France recently shows how versatile it was possible for a man to become. The sign dates back to the last century and reads:

Isaac Macaire, barber, wigmaker, healer, acrobat, schoolteacher, blacksmith, obstetrician; shaving, 1 sou; hair cutting, 2 sous; powdering and pomading very cheap for pretty, well bred young women; lamps lighted by the year or quarter; instructs in singing and shoe horses with a master hand; makes and repairs boots and shoes; teaches the young to play the oboe and fiddle; cuts out corns and applies blisters, plasters or cups at lowest prices; supplies purging medicine at 1 sou; visits houses to teach the cotton and other dances; sells sachet powders of all kinds at wholesale and retail; also all kinds of stationery, shoe polish, monograms of wire and other material, heart strengthening roots, potatoes, sausages and other kinds of vegetables.

One would naturally think that all those talents and occupations would be enough for one man. But not so in the case of M. Macaire. A postscript on the sign reads:

I teach geography and foreign commerce every Wednesday and Friday. With God's help.

CITY COUNCIL.

Tax Ordinance Passed.—Report
Pertaining to City Sewer.—
Other Business.

Last night the city council met in regular session, the mayor and all councilmen present.

Minutes of previous meeting read and approved.

The committee on accounts and claims reported in favor of allowing Leverett Thicksten \$3.00 for work done, less \$1.50 for damage to jail. Adopted.

Bartlett, chairman of the improvement committee, reported that under his supervision 2,600 feet of the city sewer had been excavated and relaid and that in addition 500 feet more had been excavated. He stated that sewer was yet about two-thirds filled with water. Thought that the work would be completed Saturday or Monday. On motion report received.

The special committee appointed to examine and report on engineer's final estimate for grading and graveling Pine street from Chestnut street north to Sixth street reported that no objections were made, therefore recommended that same be accepted and bills of assessments be issued against abutting property. Report adopted.

Engineer reported that Barney Fossnaugh had completed grading and graveling Poplar street from St. Louis avenue north to Sixth street according to plans and specifications. Total cost \$250.25. Reported also assessments against abutting property. Referred to special committee consisting of Huber, Shepard, DeGolyer, Binder and Bartlett, and engineer instructed to correct errors in assessment.

Objections to the construction of an eight inch sewer in Second ward, running from a point in an alley 150 feet north of Seventh street south through Block W to Sixth street, thence west to High school block, thence diagonally across said block intersecting the High school sewer, were called for. No objections were offered. Bids for constructing same opened. Eugene Weathers proposed to do the work for 17 cents a lineal foot, and 25 cents a lineal foot for T's and Y's. Frank E. Short proposed to do same for \$249, complete. Bids referred to improvement committee with instructions to award contract to lowest bidder.

The city engineer in a written communication asked for instruction in making assessments for above mentioned sewer. The reply was that the sewer was petitioned for and would be paid for by the petitioners, who own abutting property.

John Oesting and Mrs. Cunningham were granted until next May to complete sidewalks ordered along their properties on Seventh street. Bids to put down same were opened. E. G. Weathers and Frank E. Short bid the same, 94 cents a square foot. Bids referred to improvement committee with power.

City marshal reported that he had been unable so far to ascertain the parties who had broken and damaged stone crossings within the city. Instructed to continue his investigation.

Bids were opened for the furnishing of ice that city would need on its own account during the street fair. A. H. Hoover & Son proposed to supply same for 20 cents a hundred, R. F. White proposed to furnish same for 194 cents a hundred, and The John Ebner Ice Company offered to furnish same for nothing, as an evidence of his loyalty to the city and the street fair and to show his appreciation for liberal patronage the past season. On motion Mr. Ebner's proposition was accepted and the mayor instructed to express to him the thanks of the council.

The fire chief granted the privilege of placing a hose-reel at corner of Second and Chestnut street during street fair week.

Marshal instructed to notify J. H. Peter, Theo. Groub and Anton Massman to cut weeds on some vacant lots owned by them in the city.

Resolution by Brethauer was adopted to improve sidewalk on north side of Oak street between Chestnut and Walnut street.

Bartlett introduced a resolution providing for issuing bonds under the

Barrett law for sidewalk improvement completed on Brown, Vine, Fourth, Fifth and Seventh streets, the same to be of denominations corresponding to assessment against each piece of property, the owners of which pay for improvement in ten annual installments. Ordinance advanced and adopted.

Gibson introduced an ordinance which was read the first time, to require brewers or wholesale liquor dealers doing a wholesale business in Seymour to secure a license annually, the fee for the license being fixed at \$500. Ordinance will come up on second reading at next council meeting. Gibson introduced a resolution, which was adopted for putting a supply of cinders on east side of East street from High to Brown street.

The ordinance to fix the tax rate for the ensuing year was called up on its second reading. The finance committee recommended that the levy be fixed at 90 cents on each \$100 for the general fund, including 2 cents for library purposes, and 5 cents for the special fund. After some discussion and explanation the levy was fixed as follows: General fund 90 cents on the \$100, including 2 cents on the \$100 for library purposes; special fund 5 cents on the \$100; each taxable pole 50 cents; each male dog \$1.00; each female dog \$2.00. The ordinance was advanced and adopted.

The ordinance prohibiting barbed wire fences next to streets and alleys in the city was called up, read the third time and adopted.

On motion of DeGolyer the mayor appointed Brethauer to employ some one to thoroughly clean council chamber and adjoining rooms.

Gibson called attention to the dangerous condition of an old building owned by the S. I. near his residence. Marshal instructed to look after same at once.

On motion of Huber the Travis Carter Company is asked to make a proposition to the city for the taking up of the pump at the post office corner and putting it down near the intersection of Second and Chestnut.

On motion of Price the engineer was instructed to re-establish grade for side walk on west side of Walnut street in the block south of Seventh street, also in front of the Henry G. Smith property on same street and that the sidewalks be raised to correspond.

After a few other miscellaneous matters of minor importance were disposed of council adjourned at 10:40.

HOW TO STOP WORRYING.

There is a Sure Way if You Will Only
Make Yourself Think So.

"The usual way people set about stopping worry is a wrong one," writes Mary Boardman Page in 'The Ladies' Home Journal. "That is why it is so unsuccessful. If a doctor tells a patient he must stop worrying, the patient is likely to say impatiently: 'Oh, doctor, don't I wish that I could! But I can't. If I could have stopped worrying a year ago, I would not be ill now!' All of which is probably perfectly true. And the doctor does not always know how to help him, because both doctor and patient have an idea that it is possible to repress worry through an effort of the will. This is a mistake. It is not possible to repress worry. You have got to replace it with something else."

"Let me illustrate this by a figure. Suppose you were to go into a completely dark room, wishing it to be light. How would you set about the work? Would you try to scoop the darkness up in buckets and carry it out at the door? Not at all. You would just open the windows and shutters and let in the blessed sunlight. You would replace the darkness with light. So it is with worry. The only possible way to get rid of it is to replace the worry attitude of mind with the non-worry attitude. And this can always be done when the person is sincere and patient in his desire to bring it about. All he has to do is to be passive and let nature have her own perfect way with him."

A Musical Snake.

The Pittsburg Times is responsible for this tale of black snakes who loved music not wisely but too well. One of the ophidians became so proficient in musical knowledge that he crawled into a church with a number of companions, wigged up on the organ bench, pushed up the lid with their aid, grasped with his tail the lever that started the water motor and proceeded to play the organ with his head, varying the performance by crawling over the keys. He scared the choir nearly into fits one Sunday by entering during service time.

One Bad Turn Deserved Another.

"Your experience in vaudeville, then, was not very pleasant?" Hi Tragedy was saying.

"No," replied Lowe Comedry; "at Oshkosh they threw rocks at each one of us as we came on for our acts."

"Pretty severe way of showing their disapproval."

"Yes; in their efforts to impress us with their utter disgust they left no turn unstoned."—Catholic Standard and Times.

RATHER EMBARRASSING.

The Sad Case of the Young Woman
Who Wanted to Talk.

A most embarrassing experience was that of a certain West Philadelphia young woman who a few evenings ago attended a reception, in which a number of well known clubwomen participated. It so happened that among these were several who had found the matrimonial yoke an unwelcome one for various reasons and had obtained legal separation from their husbands. To one of these women, quite unwittingly, having just been introduced, the young woman, who is nothing if not vivacious and conversational, addressed the question:

"By the way, Mrs. R., don't you think divorce is wrong?" The woman, reddening slightly, replied:

"My dear, there are two sides to that question. Perhaps you have not heard my story."

The questioner, embarrassed beyond measure, stammered an excuse and walked away. To the first woman she met she confided her trouble, saying: "Oh, dear! I have just made a most unfortunate remark. You know Mrs. R. I spoke to her about divorce, and she's divorced, you know."

"So am I, my dear," was the smiling reply, and once again the young woman wished that the floor would open under her. She felt so bad that she went to one of the women in charge of the reception and, taking her aside, told her the whole story, asking her advice as to what she should do.

"Do nothing at all, Miss I," was the reply. "I really don't think they have any horror of the subject so long as it's innocently called up. I know I haven't, and I, too, am a divorcee."

Whereat the conversational miss donned her hat, and, fearing to say another word, went home.—Exchange.

A CHILD'S FANCY.

Explanation of What Seems Preconception in Imaginative Children.

"An active, healthy imagination is one of the happiest gifts a child can possess," is the theory advanced by Florence Hull Winterburn, the well known pediatricist, in 'The Woman's Home Companion.'

"If we watch an intelligent child, four or five years old, who believes himself unnoticed we will probably be astonished at the richness and fertility of the fancy which can give life and color to dull, commonplace things and weave whole stories and dramas around the simple toy that means nothing more to us than what it plainly stands for. But we will perceive that even his wildest romances found themselves upon many facts, for free and frolicsome as imagination may appear, it is subject to its laws. It deals with real things in a playful way. It embroiders, paints, molds, but it must have its material, its basis in actual life."

"What we call creative ability is really nothing but the power to reconstruct, perhaps to connect several separate plans or patterns into a whole which seems different from the original. The child is an artist who daubs on his colors boldly, without any sense of the absurdities he may commit, and so he often produces effects that surprise others as well as himself. Many of the acts that seem so precocious because we suppose them to be the outcome of a well considered plan are really happy accidents, not devoid of the merit of originality, but neither to be overpraised as work of genius. Childhood is one unbroken succession of experimentings."

A Much Abused Word.

The way certain words are misused and abused should appeal to one. It is a fact that if any word has tried to adapt itself to every possible and impossible situation "grand" is the one that has made the attempt. A person needs but walk about any city to be confronted with Grand hotels and Grand View houses. Sometimes it fits the house which it adorns, sometimes it seems but a sardonic attempt to make them seem the more forlorn. It rises to the sublime and describes the mountains, it descends to the level of everyday life and appears as a descriptive term when the weather is mentioned. On the lips of the milliner it lures on to her doom the woman who without the support of a friend is selecting a hat, and the "doesn't she look grand in that?" causes her to depart with the hat in her possession. One hears about "grand" dinners and "grand" times, but the last straw is when the shopwoman says, "That coat fits you something grand."—New York Sun.

Sick Women Advised to Seek
Advice of Mrs. Pinkham.

[LETTER TO MRS. PINKHAM NO. 94,563]
"I had inflammation and falling of the womb, and inflammation of ovaries, and was in great pain. I took medicine prescribed by a physician, but it did me no good. At last I heard of Lydia E. Pinkham's Vegetable Compound, and after using it faithfully I am thankful to say I am a well woman. I would advise all suffering women to seek advice of Mrs. Pinkham."—Mrs. G. H. CHAPPELL, GRANT PARK, ILL.

"For several years my health was miserable. I suffered the most dreadful pains, and was almost on the verge of insanity. I consulted one of the best physicians in New York, and he pronounced my disease a fibroid tumor, advising an operation without delay, saying that it was my only chance for life. Other doctors prescribed strong and violent medicine, and one said I was incurable, another told me my only salvation was galvanic batteries, which I tried, but nothing relieved me. One day a friend called and begged me to try Lydia E. Pinkham's Vegetable Compound. I began its use and took several bottles. From the very first bottle there was a wonderful change for the better. The tumor has disappeared entirely and my old spirits have returned. I heartily recommend your medicine to all suffering women."—Mrs. VAN CLEFT, 416 SAUNDERS AVE., JERSEY CITY HEIGHTS, N. J.

A FIENDISH WEAPON.

It Would Kill and Leave No Mark to Tell the Tale.

"I have handled a good many outlandish weapons," said a New Orleans curio dealer, "but here is a little instrument that for pure diabolism beats anything I ever saw in my life. I bought it the other day from a Norwegian sailor, who tells me it was given to him by a Jap at Yokohama—a story that you may take for what it is worth."

As he spoke he opened a show case and took out what seemed to be an ordinary Chinese marking brush of rather large size. The handle was some ten inches long and the diameter of a lead pencil. By giving it a sharp twist it separated about a hand's breadth from the end, after the manner of a sword cane, and attached to the smaller piece was a slender glass rod with a needle point. The rod was not much bigger than a knitting needle, and with the handle it had the effect of a very small and delicate stiletto.

"I should think that would break if it were used to stab with," remarked a visitor after examining the contrivance. "Certainly it would," replied the dealer, "and that is where the fiendishness of the thing comes in. Look closely at the glass rod and you will see a tiny groove filed around it about two inches from the hilt. Suppose that it was driven into the body of a man, it would be certain to break at the groove and would leave at least three inches of glass buried in his vital. The puncture would be so small that it would close when the stump was drawn out, and I doubt exceedingly whether a single drop of blood would follow. In other words, the victim could receive his deathblow without knowing exactly what had happened to him. He would feel a shock and a pang, but find no wound, and meanwhile the assassin would stick his brush together and go about his business."—New Orleans Times-Democrat.

Deafness Cannot be Cured

By local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

Dr. Miles' Nervine Restores Health.

U NOLE EZEKIEL OBEAR, assessor and tax collector, Beverly, Mass., who has passed the 80th life mile stone, says: "Dr. Miles' Nervine has done a great deal of good. I suffered for years from sleeplessness and nervous heart trouble. Would feel weary and weak in the morning, had no ambition and my work seemed a burden. A friend recommended Dr. Miles' Nervine, and I purchased a bottle under protest as I had tried so many remedies unsuccessfully. I thought it no use. But it gave me restful sleep, a good appetite and restored me to energetic health. It is a grand good medicine, and I will gladly write anyone inquiring, full particulars of my satisfactory experience."

Dr. Miles' Nervine is sold by all druggists under a positive guarantee, and money refunded. Book on diseases of the heart and nerve free. Address: DR. MILES MEDICAL CO., Elkhart, Ind.

ORANGE FREE STATE

The Volksraad Assembled by President Steyn to Consider War Outlook.

KRUGER MADE PROPOSALS

To the British Government, Which the Free State Unanimously Believes to Be Fair—Transvaal Decey by Conyngham Greene—Bound by Treaty to Aid the Transvaal.

London, Sept. 22.—While the precise result of the secret session of the raad of the Orange Free State is not yet known here, President Steyn's speech at the opening of the session is regarded as an almost infallible indication of the attitude which the Free State will take. Commenting from this point of view, the London morning papers are all impressed with the added gravity of the situation and murmurs are beginning to be heard regarding the dilatoriness of the government in getting troops forward.

Military men are said to be impatient. They assert that everything is ready and that they are only waiting for orders.

It is recognized that the attitude of the Orange Free State makes the original estimates based upon Dutch neutrality too small. Evidently a much larger force will be required.

STEYN'S SPEECH

President of Orange Free State Addresses the Raad.
Bloemfontein, Orange Free State, Sept. 22.—When the Volksraad met yesterday President Steyn read a carefully prepared speech, after welcoming the members. He expressed regret that the relations between Great Britain and the outlanders had become strained. The members, he said, were aware of the meeting of Sir Alfred Milner and President Kruger at Bloemfontein, when President Kruger made proposals which, although refused by the British high commissioner, were unanimously considered throughout the Orange Free State to be exceedingly fair.

Proceeding to review the negotiations President Steyn said that the Transvaal had been decey by the British diplomatic agent at Pretoria, Conyngham Greene, and he practically accused the imperial government of a breach of faith. He said he was disinclined to advise the Transvaal government to accept the latest British demands. The present critical state of affairs could not be a matter of indifference to the Orange Free State, which was bound by treaty to afford assistance to the Transvaal, and he had, therefore, convened the Volksraad to decide what attitude should be taken.

"There is nothing," declared the president, "that warrants war or an attack upon the Transvaal. Such differences as exist can be solved by arbitration. War would be an insult to religion and civilization."

In conclusion President Steyn said he would take this opportunity of laying certain draft laws before the Volksraad for consideration, praying God to give the members strength to pass resolutions, not only conducive to peace and prosperity, but also in the interest of their beloved state.

VAAL SITUATION

Former Premier in the Cape Colony Doesn't Anticipate a Rising

Cape Town, Sept. 22.—Sir John Gordon Sprigg, leader of the opposition in the Cape house of assembly and former premier and treasurer of Cape Colony, in the course of an interview last evening said: "I have no doubt that a portion of the population of the colony

Think of a woman being sick and suffering six years, which she might have been well all that time! Think of her taking the treatment of four doctors and getting no better. Think of the pain she endured—of the uselessness of her life. Think of those six long, dreary, miserable years. Think of the distress of a refined, modest woman during the useless examinations and treatment of four different doctors who each and all failed to give her any comfort. Think of all this and then think that she was finally cured—completely, wholly, permanently cured right in the privacy of her home without the abhorrent "examinations" and local treatment so uniformly insisted upon by home physicians—cured just as she might have been six years before. These are simply the facts in the case of Mrs. M. B. Wallace, of Muenster, Cook Co., Texas, who writes:

"I had been a great sufferer from female weakness, tried four doctors and none did me any good. I suffered six years, but at last I found relief. I followed your advice, and took four bottles of 'Golden Medical Discovery,' and eight bottles of 'Favorite Prescription.' I now feel like a new woman. I have gained eighteen pounds."

Dr. Pierce's Favorite Prescription is a medicine made for just one purpose—to cure disorders or diseases of the feminine organism. It is the only preparation of its kind introduced by a regularly graduated physician—a skilled specialist in the diseases of women, whose thirty years of successful practice are a guarantee of health to all sufferers who consult him. Every woman may write fully and confidentially to Dr. R. V. Pierce, Buffalo, N. Y., and may be sure that her case will receive careful, conscientious, confidential consideration, and that the best medical advice in the world will be given to her absolutely free.

In addition to this free advice Dr. Pierce will send a paper-bound copy of his great 1,000-page book "The Common Sense Medical Adviser," to any one who will send a one-cent stamp to pay the cost of mailing. French cloth-binding, 31 stamps.

would be actively anti-British in the event of a war with the Transvaal. I do not anticipate a rising, but some of the young and impulsive Afrikaners would probably show their sympathies by joining the Boer forces. In my judgment the proceedings at yesterday's meeting of Afrikaner members of the Cape parliament were most injudicious. No mention was made of any sympathy with those who would suffer while fighting on the British side. It is impossible that those who are doing their best to uphold British authority should conceive anything in the nature of a retirement from the position adopted by the imperial government. Any such weakness would be fatal to the future maintenance of British authority in South Africa."

ENSIGN COLEMAN

Dies From the Effects of a Wound Self-inflicted.

San Francisco, Sept. 22.—Ensign Noah T. Coleman of the battleship Iowa is dead in a private hospital as a result of a complication of troubles and a bullet wound inflicted by himself sometime ago in an attempt at suicide. Young Coleman had been condemned to stand trial by court-martial for various offenses and attempted suicide. The wound would not have caused death under usual circumstances, but his vitality was so weakened by worry that he could not survive. Coleman came from one of the oldest and most respected families of New York.

Estate of Late Emmons Blaine.
Chicago, Sept. 22.—The estate of the late Emmons Blaine, who died in Chicago in 1892, was closed in the probate court yesterday and final settlements made. The estate amounted to \$80,000 and was in stocks and bonds, principally. One-third of the estate went to the widow, Mrs. Anita McCormick Blaine, and two-thirds to her son.

DEWEY PARADE

General Roe Will Not Recede From His Position Regarding the G. A. R.
New York, Sept. 22.—At General Roe's office it was said that the refusal of the Grand Army of the Republic organization to take part in the Dewey parade was final. General Roe is not disposed to recede an inch from his position. The ex-confederate veterans

ADMIRAL DEWEY IN CITIZEN'S DRESS. Will not march either, being unable to prepare in time. The line of march of the parade as a present agreed upon, follows:

General Roe and aides; Sousa's band; the men and officers of the Olympia; Admiral Dewey and Mayor Van Wyck in a carriage; Rear Admiral Sampson in a carriage with a committee; the sailors of the North Atlantic squadron; regulars of the United States army; Governor Roosevelt at the head of the New York state militia; the Eighty-fourth Highlanders of Toronto; the naval reserves of New York; governor of Vermont and his staff, and the military organizations of the following named states, to march in order of their admission to the union.

Pennsylvania, New Jersey, Georgia, Connecticut, Maryland, South Carolina, New Hampshire, Rhode Island, Ohio, Florida, Mississippi, Missouri, Texas, District of Columbia. Veterans of the Spanish-American war. Rear Admiral Schley and First Assistant Postmaster General Perry S. Heath have sent acceptance. "It will give me much delight," wrote Rear Admiral Schley, "to be present and participate in the city's honor to the peerless Dewey."

Beef Advances 2 Cents a Pound.

Chicago, Sept. 22.—Porterhouse, sirloin and tenderloin steaks went up 2 cents a pound in price in Chicago yesterday and rounds and other cuts advanced from 1 to 2 cents. Choice steaks ranged from 22 to 25 cents a pound, medium 18 to 22 and common 12 to 15 cents. The cause of the late rise in beef is the high prices ruling for cattle on the hoof at the stockyards.

Date Definitely Fixed.

Philadelphia, Sept. 22.—The date for the opening of the International Commercial congress has been definitely fixed as Oct. 12, instead of Oct. 10, as heretofore announced.

WITH HIS FRIENDS

Former Devil's Island Prisoner With Relatives at Carpentras, France.

ARRIVAL OF THE CAPTAIN

Caused No Demonstration—His Health Such as to Prevent His Receiving Visitors—Incidents of His Journey, as Told by a London Correspondent. Called it a Holiday.

Carpentras, Department of Vaucluse, France, Sept. 22.—The arrival of Dreyfus at the home of Paul Valabroigne, his brother-in-law, who has been an established cloth merchant here for a quarter of a century, was soon known, but caused no demonstration. Mme. Dreyfus is expected here soon. While Dreyfus' health does not permit of his receiving visitors, it is hoped the climate will restore his strength during the next few months, which he is expected to spend here.

LIBERATED PRISONER

Dreyfus' Smile Like a Woman's—Has the Appearance of a Savant.

London, Sept. 22.—A correspondent of The Daily Mail, who joined the Dreyfus party at Bordeaux and accompanied them to Carpentras, describes Dreyfus as "thoughtful, prematurely aged, with soft eyes, a smile like a woman's and rather the appearance of a savant than a soldier."

When told of the great wave of British sympathy in his behalf he wrung the correspondent's hand and showed the deepest emotion. His health, the correspondent said, is far from satisfactory.

He ate meat yesterday for the first time. "It is against the doctor's orders," said Mathieu Dreyfus. "Ah," said the former captain of artillery, "let me have a holiday today. I will be sedate and obedient again tomorrow."

"I am just like a boy now and feel that I could run and jump about the green fields for very joy. Just think! I shall now be able to laugh and play with my children in the beautiful country."

After the meal, despite his brother's half laughing protest, he smoked several cigars "to celebrate the holiday." The sad note amid the rejoicing was the death of M. Scheurer-Kestner. "I am grieved beyond words," said Dreyfus, "to think that I shall never be able to thank that noble heart."

One of his first acts on obtaining his freedom was to have a wreath sent to be placed on the coffin of his companion and friend. At present he speaks little of past events. He says: "I have forgiven, but I cannot forget," and he intends to devote himself to proving his innocence. When that has been accomplished he will only ask to be allowed to spend the remainder of his days with his loved ones, far from the busy world.

"His delight at everything on the journey," continues The Daily Mail's correspondent, "was that of a man returning from the dead to the world he loved. The affection and solicitude of his brother are touching to see. His physical weakness caused the deepest apprehension to his friends. The journey was in the main uneventful except for a few expressions of disappointment on the part of the people who endeavored to get a glimpse of him."

BUOY FOUND

On North Coast of King Charles Island Believed to Be Andrew's.

Stockholm, Sept. 22.—Dr. Ekholm, Professor Nathorst and Captain Andree believe that the buoy marked "Andree polar expedition," found on the north coast of King Charles Island by the master of the Norwegian cutter Martha Larsak, is one of those which the aeronaut intended to throw after the north pole was passed.

British Battleship Launched.

Portsmouth, Eng., Sept. 22.—The British battleship London was launched successfully here yesterday in the presence of large crowds of people. Her displacement is 15,000 tons. The main feature of her construction is the armor belt, which is carried the entire length of the ship—400 feet—as advocated by Captain Robley D. Evans, U. S. N., in articles against soft-ended battleships, such as the Iowa. The London's armament will consist of four 12-inch guns, twelve 6-inch quick firing guns, eight 3-pounders, twelve 3-pounders and eight smaller rapid fire guns. She is supplied with two torpedo tubes. Her complement will be 755 men.

Granted a 5 Per Cent Increase.

Pittsburg, Sept. 22.—At a joint session of the committees of the American Flint Glass Manufacturers' association and glass bowl workers here yesterday, the workers were granted a 5 per cent advance in wages. The settlement was a compromise, the workers demanding an increase of 10 per cent.

Four Men Killed.

St. Paul, Sept. 22.—A serious accident occurred on the Omaha railroad yesterday at Windom, Minn., four men being killed and three seriously injured, in a rear-end collision of freight trains on a bridge.

Famous Church Burned.

Lima, Peru, via Galveston, Sept. 22.—A great fire last evening almost completely destroyed the famous and beautiful church of San Francisco, founded by Pizarro in 1535.

Evansville, Ind., Sept. 22.—Rev. Joseph M. Francis was yesterday consecrated Episcopal bishop of southern Indiana. The consecration services were conducted by Rt. Rev. William McLaren, D. D. and D. L. C., bishop of Chicago; Rt. Rev. Thomas Frederick Davis, D. D., L. L. D., bishop of Michigan; Rt. Rev. John Hazon White, D. D., bishop of Michigan City. The sermon was preached by Rt. Rev. George Franklin Seymour, D. D., L. L. D., bishop of Springfield.

ANTI-IMPERIALISTS

Chicago Conference Will Denounce McKinley Individually.

Boston, Sept. 22.—The Anti-Imperialist league has issued the following: "Unauthorized statements having been made as to the objects of the anti-imperialist conference in Chicago, Oct. 17, it should be said that there will be no attempt there at negotiation with any political party. It is hoped that this conference may plan for a systematic effort to establish anti-imperialist leagues and committees throughout the country, with the intention of developing and crystallizing the opposition to the president's policy."

"It is true that in doing this the anti-imperialists must denounce Mr. McKinley individually because he unlawfully initiated the slaughter in the Philippines by his declaration of war Dec. 21, 1898, at a time when the United States was solemnly bound by the protocol to preserve the status quo."

"It simplifies our efforts that, because of this impregnable fact, neither the country nor any political party in it is responsible for McKinley's war or is in any way bound to support it. The anti-imperialists hope to arouse their fellow citizens to the gravity of the issue which has been forced upon the people, so that no candidate for the next presidency can expect success unless he discards the colonial and imperial acts which have actuated Mr. McKinley and his pernicious advisers."

Price of Coal Advanced.

Decatur, Ill., Sept. 22.—The price of coal has advanced 25 cents per ton, being brought here from other cities, owing to the strike, and a further advance is looked for. Manager Armstrong of the Decatur Coal Mining company is determined to operate his mines on the 10-hour per day plan and will not recognize the union, claiming an 8-hour day will not permit the men to mine enough coal to supply the demand.

Handpainted Invitation.

MODUS VIVENDI

General Foster Ready to Take Up Work on Alaska Boundary.

Washington, Sept. 22.—General John W. Foster has returned to Washington from his summer home near Watertown, N. Y., and has begun to take up the threads of his work in connection with the arrangement of a modus vivendi relative to the Alaskan boundary. There has been no change in the status of this matter recently. At last accounts the British government had before its Secretary Hays' last proposition on this subject and, as it had received the approval of Mr. Tower, the British charge here, it was assumed that it would prove acceptable to the British foreign office. However, the proposition was referred to the Canadian authorities to ascertain whether or not they were able to discover any reasonable objection to it, and so far as known the two principals are still waiting to learn the disposition of the Canadians.

DEBARRED FROM MAILS

The Ex-Slave Mutual Relief Bounty and Pension Association.

Washington, Sept. 22.—The postoffice department has issued an order debarring from the mails the matter issued by the Ex-Slave Mutual Relief Bounty and Pension association with headquarters at Nashville, Tenn. The ostensible object of the association is to secure pensions for ex-slaves. The bills providing for such pensions which were introduced in the last congress were used as a basis for circulars, in which it was represented that the suggested legislation was far advanced. Meetings were held in various places, always ending, it is alleged by the postoffice officials, in an appeal for money to advance the work in hand.

Gold Certificates.

Washington, Sept. 22.—The amount of gold certificates issued by the treasury department in exchange for gold coin to date is \$68,010,780. There is said to be a large and increasing demand in New York for "to order" \$5,000 and \$10,000 gold certificates, and from this and other reasons the treasury officials look for an important increase in the demand for certificates within the next few days.

To Be Filled From the Ranks.

Washington, Sept. 22.—The war department issued a general order in regard to the examination of officers of the volunteer army, an important provision of which is that vacancies of second lieutenants are to be filled by promotion from the ranks of the regiments in which they occur.

FATAL ACCIDENT

Four Persons Killed by a Train at a Railroad Crossing.

Albia, Ia., Sept. 22.—While Jasper Beebe, his son, daughter and two grandchildren were driving across the Chicago, Burlington and Quincy railroad tracks, four miles east of here, a passenger train crashed into the vehicle. The following are dead: Jasper Beebe, aged 57; Mrs. Effie Johnson, a daughter, aged 34; George Beebe, a son, aged 7; Gertrude Johnson, a grandchild, aged 2 years, is fatally injured.

United States Treasury.

Washington, Sept. 22.—The statement of the condition of the treasury shows available cash balance, \$285,740,000; gold reserve, \$255,588,207.

No Action Taken.

Washington, Sept. 22.—The board of naval bureau chiefs have considered the applications of certain shipbuilding firms for a remission of the penalties provided for in the contract for delay in the construction of some of the torpedoboats. It was resolved to take no action at this time, but to await the completion of the boats and then to make suitable recommendations based on the good faith shown in prosecuting the work.

Montejo Condemned.

Madrid, Sept. 22.—Rear Admiral Montejo, who commanded the Spanish naval forces in the battle of Manila bay, and who has been on trial before the supreme court, has been condemned to retirement without the right of promotion.

World's Record Established.

Farmington, Me., Sept. 22.—A world's record was established at the sawmill of the Berlin Mills company plant here yesterday when, with a single saw, 153,801 feet of lumber were sawed out in 11 hours.

SHORT TELEGRAMS

There were 45 new cases of yellow fever yesterday at Key West; two deaths. Total contribution for the 10 volunteer regiments last called out is \$3,835 men. Detroit will not purchase her street railways, because the price has been raised \$2,000,000. The League of American Municipalities in session at Syracuse has voted to hold its next convention at Charleston, S. C. The charters of the state council of the Junior Order of United American Mechanics of Pennsylvania has been revoked. Pattermakers at Cramps' shipyard in Philadelphia have returned to work. Their demand—a 9-hour day—was acceded to.

The governors' antitrust meeting at St. Louis has adjourned after adopting a series of resolutions explaining their views on legislation for the regulation of the alleged evil.

THE Street Fair booths are all to be painted white, a wise arrangement by the the committee.

AGAIN the Brownstown papers have been sent out and no report of the excellent work done by the county council. Cutting those estimates of county officers down and saving the taxpayers of the county so many thousand dollars does not seem to be very popular with the Brownstown organs.

THE work on the booths is progressing rapidly. Most of them will be completed by Saturday evening. Monday morning they will be decorated and the exhibits put in place. These exhibits are already coming in and many more will be in tomorrow. Farmers are taking unusual interest and will make competition lively for prizes. Everything points to unparalleled success.

THE North Vernon Sun, John Overmeyer's personal organ, tries to get funny with Col. Chas. L. Jewett, of New Albany. Of course Mr. Jewett will feel crushed and his social and political standing will be gone. But there is a bit of inconsistency for Mr. Overmeyer's paper to say that Mr. Jewett "became a republican in '96 because the democrats of his district refused to send him to congress." The ex-national banker and ex-republican office seeker is getting on dangerous ground when he criticizes any one for changing his political views. He has a record of his own.

Right Sentiment.

The Times does not urge Columbus people to go to the Seymour street fair, or to stay away, but rather prefers to allow each citizen to use his right and go or stay away as he or she pleases. The Times, though is not unmindful of the fact that an aggregation of Seymour's best talent, about twenty people, volunteered their services and came here without money or without price, and gave an entertainment for the benefit of the expense fund Columbus had to raise for the State G. A. R. encampment. Certainly this should be appreciated and not forgotten.—Columbus Times.

A JACK OF ALL TRADES.

The Versatility of a Frenchman of the Eighteenth Century.

In times long gone by active men combined many vocations. The barber in those days was also the dentist and often performed other duties. A sign discovered in southern France recently shows how versatile it was possible for a man to become. The sign dates back to the last century and reads:

Isaac Macaire, barber, wig-maker, healer, acrobat, school teacher, blacksmith and optician; shaving, 1 sou; hair cutting, 2 sous; powdering and pomading very cheap for pretty, well bred young women; lamps lighted by the year or quarter; teaches the mother tongue in the best methods; instructs in singing and shoes horses with a master hand; makes and repairs boots and shoes; teaches the young to play the oboe and Jew-harp; cuts out corns and applies blisters, plasters or cups at lowest prices; supplies purging medicine; visits houses to teach the cotton and other dances; sells such powders of all kinds at wholesale and retail; also all kinds of stationery, shoe polish, salted herrings, spiced bread, trifle brushes, monstres of wire and other material, heart strengthening roots, potatoes, sausage and other kinds of vegetables.

One would naturally think that all those talents and occupations would be enough for one man. But not so in the case of M. Macaire. A postscript on the sign reads:

I teach geography and foreign commerce every Wednesday and Friday. With God's help.

Last night the city council met in regular session, the mayor and all councilmen present.

Minutes of previous meeting read and approved.

The committee on accounts and claims reported in favor of allowing Leverett Thicksten \$3.00 for work done, less \$1.50 for damage to jail. Adopted.

Bartlett, chairman of the improvement committee, reported that under his supervision 2,000 feet of the city sewer had been excavated and relayed and that in addition 500 feet more had been excavated. He stated that sewer was yet about two-thirds filled with water. Thought that the work would be completed Saturday or Monday. On motion report received.

The special committee appointed to examine and report on engineer's final estimate for grading and graveling Pine street from Chestnut street north to Sixth street reported that no objections were made, therefore recommended that same be accepted and bills of assessments be issued against abutting property. Report adopted.

Engineer reported that Barney Foshbaugh had completed grading and graveling Poplar street from St. Louis avenue north to Sixth street according to plans and specifications. Total cost \$250.25. Reported also assessments against abutting property. Referred to special committee consisting of Huber, Shepard, DeGolyer, Binder and Bartlett, and engineer instructed to correct errors in assessment.

Objections to the construction of an eight inch sewer in Second ward, running from a point in an alley 150 feet north of Seventh street south through Block W to Sixth street, thence west to High school block, thence diagonally across said block intersecting the High school sewer, were called for. No objections were offered. Bids for constructing same opened. Eugene Weathers proposed to do the work for 17 cents a lineal foot, and 25 cents a lineal foot for T's and Y's. Frank E. Short proposed to do same for \$249, complete. Bids referred to improvement committee with instructions to award contract to lowest bidder.

The city engineer in a written communication asked for instruction in making assessments for above mentioned sewer. The reply was that the sewer was petitioned for and would be all paid for by the petitioners, who own abutting property.

John Oesting and Mrs. Cunningham were granted until next May to complete sidewalks ordered along their properties on Seventh street. Bids to put down same were opened. E. G. Weathers and Frank E. Short bid the same, 94 cents a square foot. Bids referred to improvement committee with power.

City marshal reported that he had been unable so far to ascertain the parties who had broken and damaged stone crossings within the city. Instructed to continue his investigation.

Bids were opened for the furnishing of ice that city would need on its own account during the street fair. A. H. Hoover & Son proposed to supply same for 20 cents a hundred, R. F. White proposed to furnish same for 194 cents a hundred, and The John Ebner Ice Company offered to furnish same for nothing, as an evidence of his loyalty to the city and the street fair and to show his appreciation for liberal patronage the past season. On motion Mr. Ebner's proposition was accepted and the mayor instructed to express to him the thanks of the council.

The fire chief granted the privilege of placing a hose-reel at corner of Second and Chestnut street during street fair week.

Marshal instructed to notify J. H. Peter, Theo. Groub and Anton Massman to cut weeds on some vacant lots owned by them in the city.

Resolution by Brethauer was adopted to improve sidewalk on north side of Oak street between Chestnut and Walnut street.

Bartlett introduced a resolution providing for issuing bonds under the

Barrett law for sidewalk improvement completed on Brown, Vine, Fourth, Fifth and Seventh streets, the same to be of denominations corresponding to assessment against each piece of property, the owners of which pay for improvement in ten annual installments. Ordinance advanced and adopted.

Gibson introduced an ordinance which was read the first time, to require brewers or wholesale liquor dealers doing a wholesale business in Seymour to secure a license annually, the fee for the license being fixed at \$500. Ordinance will come up on second reading at next council meeting.

Gibson introduced a resolution, which was adopted for putting a supply of cinders on east side of East street from High to Brown street.

The ordinance to fix the tax rate for the ensuing year was called up on its second reading. The finance committee recommended that the levy be fixed at 90 cents on each \$100 for the general fund, including 2 cents for library purposes, and 5 cents for the special fund. After some discussion and explanation the levy was fixed as follows: General fund 90 cents on the \$100, including 2 cents on the \$100 for library purposes; special fund 5 cents on the \$100; each taxable pole 50 cents; each male dog \$1.00; each female dog \$2.00. The ordinance was advanced and adopted.

The ordinance prohibiting barbed wire fences next to streets and alleys in the city was called up, read the third time and adopted.

On motion of DeGolyer the mayor appointed Brethauer to employ some one to thoroughly clean council chamber and adjoining rooms.

Gibson called attention to the dangerous condition of an old building owned by the S. I. near his residence. Marshal instructed to look after same at once.

On motion of Huber the Travis Carter Company is asked to make a proposition to the city for the taking up of the pump at the post office corner and putting it down near the intersection of Second and Chestnut.

On motion of Price the engineer was instructed to re-establish grade for side walk on west side of Walnut street in the block south of Seventh street, also in front of the Henry G. Smith property on same street and that the sidewalks be raised to correspond.

After a few other miscellaneous matters of minor importance were disposed of council adjourned at 10:40.

HOW TO STOP WORRYING.

There is a Sure Way If You Will Only Make Yourself Think So.

"The usual way people set about stopping worry is a wrong one," writes Mary Boardman Page in The Ladies' Home Journal. "That is why it is so unsuccessful. If a doctor tells a patient he must stop worrying, the patient is likely to say impatiently: 'Oh, doctor, don't I wish that I could! But I can't. If I could have stopped worrying a year ago, I would not be ill now!' All of which is probably perfectly true. And the doctor does not always know how to help him, because both doctor and patient have an idea that it is possible to repress worry through an effort of the will. This is a mistake. It is not possible to repress worry. You have got to replace it with something else."

"Let me illustrate this by a figure. Suppose you were to go into a completely dark room, wishing it to be light. How would you set about the work? Would you try to scoop the darkness up in buckets and carry it out at the door? Not at all. You would just open the windows and shutters and let in the blessed sunlight. You would replace the darkness with light. So it is with worry. The only possible way to get rid of it is to replace the worry attitude of mind with the non-worry attitude. And this can always be done when the person is sincere and patient in his desire to bring it about. All he has to do is to be passive and let nature have her own perfect way with him."

A Musical Snake.

The Pittsburg Times is responsible for this tale of black snakes who loved music not wisely but too well. One of the ophidians became so proficient in musical knowledge that he crawled into a church with a number of companions, wiggled up on the organ bench, pushed up the lid with their aid, grasped with his tail the lever that started the water motor and proceeded to play the organ with his head, varying the performance by crawling over the keys. He scared the choir nearly into fits one Sunday by entering during service time.

One Bad Turn Deserved Another.
"Your experience in vaudeville, then, was not very pleasant?" Hi Tragedy was saying.
"No," replied Lowe Comedry; "at Oshkosh they threw rocks at each one of us as we came on for our acts."
"Pretty severe way of showing their disapproval."
"Yes; in their efforts to impress us with their utter disgust they left no turn unstoned."—Catholic Standard and Times.

RATHER EMBARRASSING.

The Sad Case of the Young Woman Who Wanted to Talk.

A most embarrassing experience was that of a certain West Philadelphia young woman who a few evenings ago attended a reception, in which a number of well known clubwomen participated. It so happened that among these were several who had found the matrimonial yoke an unwelcome one for various reasons and had obtained legal separation from their husbands. To one of these women, quite unwittingly, having just been introduced, the young woman, who is nothing if not vivacious and conversational, addressed the question:

"By the way, Mrs. R., don't you think divorce is wrong?" The woman, reddening slightly, replied:
"My dear, there are two sides to that question. Perhaps you have not heard my story."

The questioner, embarrassed beyond measure, stammered an excuse and walked away. To the first woman she met she confided her trouble, saying:
"Oh, dear! I have just made a most unfortunate remark. You know Mrs. R.? Well, I spoke to her about divorce, and she's divorced, you know."

"So am I, my dear," was the smiling reply, and once again the young woman wished that the floor would open under her. She felt so bad that she went to one of the women in charge of the reception and, taking her aside, told her the whole story, asking her advice as to what she should do.

"Do nothing at all, Miss I," was the reply. "I really don't think they have any horror of the subject so long as it's innocently called up. I know I haven't, and I, too, am a divorcee."

Whereat the conversational miss donned her hat, and, fearing to say another word, went home.—Exchange.

A CHILD'S FANCY.

Explanation of What Seems Precociousness in Imaginative Children.

"An active, healthy imagination is one of the happiest gifts a child can possess," is the theory advanced by Florence Hull Winterburn, the well known pediatricist, in The Woman's Home Companion.

"If we watch an intelligent child, four or five years old, who believes himself unnoticed we will probably be astonished at the richness and fertility of the fancy which can give life and color to dull, commonplace things and weave whole stories and dramas around the simple toy that means nothing more to us than what it plainly stands for. But we will perceive that even his wildest romances found themselves upon many facts, for free and frolicsome as imagination may appear, it is subject to its laws. It deals with real things in a playful way. It embroiders, paints, molds, but it must have its material, its basis in actual life."

"What we call creative ability is really nothing but the power to reconstruct, perhaps to connect several separate plans or patterns into a whole which seems different from the original. The child is an artist who daubs on his colors boldly, without any sense of the absurdities he may commit, and so he often produces effects that surprise others as well as himself. Many of the acts that seem so precocious because we suppose them to be the outcome of a well considered plan are really happy accidents, not devoid of the merit of originality, but neither to be overpraised as work of genius. Childhood is one unbroken succession of experimentings."

A Much Abused Word.

The way certain words are misused and abused should appeal to one. It is a fact that if any word has tried to adapt itself to every possible and impossible situation "grand" is the one that has made the attempt. A person needs but walk about any city to be confronted with Grand hotels and Grand View houses. Sometimes it fits the house which it adorns, sometimes it seems but a sardonic attempt to make them seem the more forlorn. It rises to the sublime and describes the mountains, it descends to the level of everyday life and appears as a descriptive term when the weather is mentioned. On the lips of the milliner it lures on to her domed the woman who without the support of a friend is selecting a hat, and the "doesn't she look grand in that?" causes her to depart with the hat in her possession. One hears about "grand" dinners and "grand" times, but the last straw is when the shopwoman says, "That coat fits you something grand."—New York Sun.

Sick Women Advised to Seek Advice of Mrs. Pinkham.

[LETTER TO MRS. PINKHAM NO. 94,863]
"I had inflammation and falling of the womb, and inflammation of ovaries, and was in great pain. I took medicine prescribed by a physician, but it did me no good. At last I heard of Lydia E. Pinkham's Vegetable Compound, and after using it faithfully I am thankful to say I am a well woman. I would advise all suffering women to seek advice of Mrs. Pinkham."—Mrs. G. H. CHAPPELL, GRANT PARK, ILL.

"For several years my health was miserable. I suffered the most dreadful pains, and was almost on the verge of insanity. I consulted one of the best physicians in New York, and he pronounced my disease a fibroid tumor, advising an operation without delay, saying that it was my only chance for life. Other doctors prescribed strong and violent medicine, and one said I was incurable, another told me my only salvation was galvanic batteries, which I tried, but nothing relieved me. One day a friend called and begged me to try Lydia E. Pinkham's Vegetable Compound. I began its use and took several bottles. From the very first bottle there was a wonderful change for the better. The tumor has disappeared entirely and my old spirits have returned. I heartily recommend your medicine to all suffering women."—Mrs. VAN CLEFT, 416 SAUNDERS AVE., JERSEY CITY HEIGHTS, N. J.

A FIENDISH WEAPON.

It Would Kill and Leave No Mark to Tell the Tale.

"I have handled a good many outlandish weapons," said a New Orleans curio dealer, "but here is a little instrument that for pure diabolism beats anything I ever saw in my life. I bought it the other day from a Norwegian sailor, who tells me it was given to him by a Jap at Yokohama—a story that you may take for what it is worth."

As he spoke he opened a show case and took out what seemed to be an ordinary Chinese marking brush of rather large size. The handle was some ten inches long and the diameter of a lead pencil. By giving it a sharp twist it separated about a hand's breadth from the end, after the manner of a sword cane, and attached to the smaller piece was a slender glass rod with a needle point. The rod was not much bigger than a knitting needle, and with the handle it had the effect of a very small and delicate stiletto.

"I should think that would break if it were used to stab with," remarked a visitor after examining the contrivance.
"Certainly it would," replied the dealer, "and that is where the fiendishness of the thing comes in. Look closely at the glass rod and you will see a tiny groove filed around it about two inches from the hilt. Suppose that it was driven into the body of a man, it would be certain to break at the groove and would leave at least three inches of glass buried in his vital. The puncture would be so small that it would close when the stump was drawn out, and I doubt exceedingly whether a single drop of blood would follow. In other words, the victim could receive his deathblow without knowing exactly what had happened to him. He would feel a shock and a pang, but find no wound, and meanwhile the assassin would stick his brush together and go about his business."—New Orleans Times-Democrat.

Deafness Cannot be Cured

By local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars: free.

DR. BELL'S Pine-Tar-Honey

"Ring out the old Ring in the new"
"Ring out the false Ring in the true"

We bring to you the new and true from the pine forests of Norway

Nature's most natural remedy, improved by science to a *Pine-Tar-Honey*, *Positive Cure* for coughs, colds and all inflamed surfaces of the Lungs and Bronchial Tubes.

The sore, weary, cough-worn Lungs are exhibited; the microbe-bearing mucous cut out; the cause of that tickling is removed, and the inflamed membranes are healed and soothed so that there is no inclination to cough.

SOLD BY ALL GOOD DRUGGISTS
Bottles Only. 25c., 50c. and \$1.00 Sizes

BE SURE YOU GET
